Big Spender

Adrienne Bailon

Boy, I can be that every thing that you need
If you can give me all your money, baby, you can have me, yeah
Boy, I can be that every thing that you need
If you can give me all them dollars, baby, you can have me, yeahSimple things in life will fulfill
I like the diamonds, I'm a material girl you see
Fast cars and a love making noise
I need that money, come and buy me something, honeyExpensive lip gloss and my, my finger nails
My hands, they're flying in the window expecting brand new wheelsIf, if, if, if you're a big spender I can be your love toy
If you're a big spender take me home to your mama, boy
If you're a big spender you can give me your number, boy
If you're a big spender I can be your material girlLive in your material world
I'll be your material girl
Live in your material world
If your life is expensive, boyBoy, I'm like having fun
Spot lights are on me cream, cream, cream, get the money, bunny
All my ladies doller, doller bill ya
I need that money, come and buy me something, honeyExpensive lip gloss and my, my finger nails
My hands, they're flying in the window expecting brand new wheelsIf, if, if, if you're a big spender I can be your love, toy
If you're a big spender take me home to your mama, boy
If you're a big spender you can give me your number, boy
If you're a big spender I can be your material girlLive in your material world
I'll be your material girl
Live in your material world
If your life is expensive boyIf want my love let me see those dollar bills
Tonight I can love your life long time
I'm like my drinks on a rocks find my sex appeal
Come to my first class in my eyes if you wantBoy, I can be that every thing that you need
If you can give me all your money, baby, you can have me, yeah
Boy, I can be that every thing that you need
If you can give me all them dollars, baby, you can have me, yeahIf you're a big spender I can be your love toy
If you're a big spender take me home to your mama, boy
If you're a big spender you can give me your number, boy
If you're a big spender I can be your material girlIf you're a big spender I can be your love toy
If you're a big spender take me home to your mama, boy
If you're a big spender you can give me your number, boy
If you're a big spender I can be your material girlLive in your material world
I'll be your material girl

Live in your material world
If your life is expensive, boy
