Like a Snowman

Tracey Thorn

Theres only one way through the winter
As all the broken-hearted know
Theres only one way back to spring time
Dancing naked in the falling snow
Dancing naked in the falling snow
Like a snowman
la la la
So give me one rose for Christmas
Give me one holy day
Give me your love or something
Knowing how soon itll fade away
Knowing how soon itll fade away
Like a snowman
Dancing naked in the falling snow
Melting even in the falling snow
Like a snowman
