

# Shoot From The Hip

W.a.s.p.

Oh, look out, here comes trouble!  
All my life, I've taken what I want  
Give an inch and take a mile, always on the hunt  
Ooh sex, money, fast cars, never get my fill  
I ride hard and die free, paying for my thrills  
Firewater moonshine going to my head  
Me and my pistol's loaded, go out and knock 'em dead  
I'm gonna shoot it, bang boom  
Shoot it from the hip  
I got it loaded bang, pull the trigger, boom  
I don't never miss  
I'm gonna shoot it, bang boom  
Shoot it from the hip  
I got it loaded bang, pull the trigger, boom  
Cock it and let 'em rip  
Hot sweaty steel, a woman's fingers on my gun  
Pull it hard, touch the trigger, squeeze it when I'm done  
Ooh come woman, touch me, put it in your hand  
Take a hold, heart and soul, honey I'm your man  
Cock the hammer slowly and aim it at your love  
Put my barrel in your holster like a velvet glove  
I'm gonna shoot it, bang boom  
Shoot it from the hip  
Got it loaded bang, pull the trigger boom  
I don't never miss  
Gonna shoot it, bang boom  
Shoot it from the hip  
Got it loaded, bang, pull the trigger, boom  
Cock it and let 'em rip  
Hot and sticky, here it comes  
Emotion you can't tame  
Kinda tricky watch it run  
Smoking like a flame, flame, flame, flame  
Hot and sticky, here it comes  
I got the bullets, load it up  
Slide it into place, my emotions  
Coming down all across your face  
I'm gonna shoot it, bang boom  
Shoot it from the hip

Got it loaded, bang, pull the trigger, boom  
I don't never miss  
Gonna shoot it, bang boom  
Shoot it from the hip  
Got it loaded, bang, pull the trigger, boom  
Cock it and let 'em rip  
Gonna shoot it, bang boom  
Shoot it from the hip  
Got it loaded, bang, pull the trigger, boom  
And I'll never miss
