Burna Boy

When I wake up in the morning, whenever you see me yawning
I know that money is calling
And me I go rich before morning
I never wake up early, I gat a attitude like fuck you pay me
All my neighbours complain about the ladies, running around my mansion daily
But I don't care, I stick my middle finger in the air
Said I don't care, I will make this very very clear
Oooh don't you see that this target came to see me
So let me go to the toilet briefly, sorry PD(Chorus)
You won't see me have a lonely night
It might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar baby
Certainly everyone seems nice
Might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar babyI'm some kind of idol, people do things that I do
Become the guy all the girls wanna say hi to
I don't see nothing wrong, sing the lyrics to my song
Every time I sing a song, everybody sings along
'Cause I'm the centre of attraction
It's lights, camera action, ah, cameras are flashing everywhere I'm passing
I don't understand, it's not the way I planned it
I just hit the stages, steal the show like I'm a bandit(Chorus)
You won't see me have a lonely night
It might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar baby
Certainly everyone seems nice
Might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar babyGive me your R
Give me your O
Give me your C
Give me your K
Give me your S
Give me your T
Give me your A
Give me your R(Chorus)

You won't see me have a lonely night
It might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar baby
Certainly everyone seems nice
Might be wrong but it all feels right
Because uhhh I'm a rockstar baby
Uhhhh I'm a rockstar baby
