

# Awkward

## Tech N9ne

[Intro:]

Yeah

Heh...

I'm just gon' tell a couple stories

Real quick

Shit that I think is pretty awkward, you know what I'm sayin'?

Check it out

[Verse 1:]

Kickin' it up in Salt Lake City

'Bout to be doing a show and the boss stay really

Loving a nigga I think it's because I'm becoming a killer forever

The piece of my thoughts weight gritty

But one day someone say

Why does he gotta be closin'?

I am the one with the frozen flow and pockets bulging

Fair grounds it was a explosion

I told the promoter to hold up

And I told him I came to rock, get the famous spot

To the man that claim me hot

Twenty-two thousand people saw me make the Planet Rock

But when I was done nigga the show was done

Right when he took the stage everybody runs

And the outcome was three hundred folks at the show

So I'm at the shino and it was

[Hook:]

Awkward

Situation is

Absurd

Irregular and

Awkward

Such a feeling is

Not heard

In my circle when it's

Awkward

Situation is

Absurd

Irregular and

Awkward

Such a feeling is

Not heard, awkward  
[Verse 2:]  
Great sex, thanks Tech  
That's what she say I grab the latex  
Off of me, and throw it away to be safe  
And I give her the getaway-look and I say softly  
We gotta move, my bus is leaving  
I guess that wasn't a good enough reason  
To have to go, I gave her a shirt  
Not my jersey, i know it hurt  
And then I heard call somebody saying come and get me  
Grab the gun that's with me that's a no-no  
You came and you leave a solo, keep it dolo  
Making the walk of shame then I let her out the front  
I was in the crunch when the person standin' at the door  
Said I'm her husband man we love you  
And this is what she really wants
