

Jackamo Road

[John Mellencamp](#)

I'd like to buy you a cabin cruiser
We could sail around with our time
I'd like to get you, a southern mansion
We could burn it down, down to the ground But I'm moving on down to Jackamo Road
Down my way through Georgia all the points unknown
Yeah, I'm going to Heaven I'll come back to get you
Someday, someday, someday
