

Devout

Islands

Gone away
Gone away
I miss you
All the way, will I see you again?
Sitting here
Sitting here
The car is outdoors
When you come back, we'll get away
Then the alarm went off
Alarms went off
I heard it
I hope to God I don't hear gunshots
And the windowpane is closed
The way some violence
Sings pretty sirens in the distance closing in
Blending in the casualty shrieking
Casually, I headed for the highway
Sold you out
Sold you out
Told them all the things that you had done
Sold you out
Sold you out
Tell me all the things that you had done
You were so devout
You were so committed to me
Then I got away
I was right outside
Going to drive away
Ready to split the money equally
