

# Hellhounds On My Trail

## Children of Bodom

Watching the cunt  
But before I'm into worries  
I do better think fast  
Step beyond the legs  
Risk selfdestruction  
One more sucker  
Wait again  
To the wrong turn  
To the right direction  
Too many fucking gonna turn  
Going too fast  
When you call me outrageous  
As a questioner No feelings - you destroy me HATE  
We're welcome - we're on this show END What the hell was that?  
It's a battle name  
Tied down everything long before  
Blaming all the suckers  
I don't give fuck  
Till they're coming down  
Where I go  
Or he's gonna stop me  
And when I hear the voice  
So you better take care of me now  
Knowing that I've always gotta come back  
Till the end of life has arrived Things happen while I grow  
No one to catch my fall  
Becoming dull is all I know  
Resurrection - friend or a foe No feelings - you destroy me HATE  
We're welcome - we're on this show END Gone too fast  
I'm caring about the truth  
So tell me how  
Fuck me sideways  
I've been loved before right now  
After I've been down  
Well if you don't need to  
Resurrect a shadow of myself No feelings - you destroy me HATE  
We're welcome - we're on this show END No feelings - you destroy me HATE  
We're welcome - we're on this show Remember me, seventeen  
Come on, get you going

Have I told you I would return  
Come on, get you going  
Gotta get on the way  
But the butcher  
You're allowed to lie  
I disapprove my body  
Eat my dinner  
You dull stupid role model  
Who's about to rock Things happen while I grow  
No one to catch my fall  
Becoming dull is all I know  
Resurrection - friend or a foe  
Friend or a foe
