

Simpatico

Alien Ant Farm

You and I, simpatico, its a battle though and this we both know.
You and I, simpatico, its a battle though and this we both know...
You and I, simpatico, its a battle though and this we both know.

You and I- a common bond, on and on

The simpatico

Tell me who i am

The simpatico

Show me where we stand

The simpatico

We all go hand in hand

The simpatico

(..simpatico it's a battle though, simpatico it's a battle though.)

We primalize- inventalize, then compromise- synchronize. We divisionize and fantasize about our lives.

The simpatico

Tell me who i am

The simpatico

Show me where we stand

The simpatico

We all go hand in hand

The simpatico

And i got a feeling you know what i know it's mutual

The simpatico

We all go hand in hand

(..simpatico it's a battle though, simpatico it's a battle though.)

You and I, simpatico, its a battle though and this we both know

You and I, simpatico, its a battle though and this we both know...

Tell me who i am

The simpatico

Show me where we stand

The simpatico

And i got a feeling you know what i know it's mutual.

We all go hand in hand

You and i, simpatico, its a battle though and this we both know...
