

The Only Noise (non-album track)

Snow Patrol

It's not perfect but it's from the first take
It's the one that I did with you here
It seems careless that I shouldn't care less
But it's the only noise I have of yours I'm so tired because you've been so fired up
And there was no keeping up with you.
It's no triumph I knew I was for the high jump
But I delighted in my best mistake. I only thought of me.
I only thought of me.
Now you're all I see.
Now you're all I see. Reading backwards I see where the attack was
Which in real time came out of the blue.
It's the weakness that I love this bleakness
Over any constant happiness.
