

# Never Saw Blue Like That

Shawn Colvin

Today we took a walk up the street  
Picked a flower, climbed the hill  
Above the lake  
And secret thoughts were said aloud  
We watched the faces in the clouds  
'Til the clouds had blown away And were we ever somewhere else  
You know, it's hard to say And I never saw blue like that before  
Across the sky, around the world  
You've given me all you have and more  
And no one else has ever shown me how  
To see the world, the way I see it now  
Oh, I, I never saw blue like that I can't believe a month ago, I was alone  
I didn't know you, I hadn't seen  
Or heard you're name  
And even now, I'm so amazed  
It's like a dream, it's like a rainbow  
It's like the rain And somethings are the way they are  
And words just can't explain 'Cause I never saw blue like that before  
Across the sky, around the world  
You've given me all you have and more  
And no one else has ever shown me how  
To see the world the way I see it now  
Oh, I, I never saw blue like that before And it feels like now and it feels always  
And it feels like coming home Never saw blue like that before  
Across the sky, around the world  
You've given me all you have and more  
And no one else has ever shown me how  
To see the world the way I see it now  
Oh, I, I never saw blue like that before  
Oh, I, I never saw blue like that
