

# Crawl

Chris Brown

Everybody see's it's you  
I'm the one that lost the view  
Everybody says we're through  
I hope you hadn't said it too  
So where  
Do we go from here  
With all this fear in our eyes  
And where  
Can love take us now  
We've been so far down  
We can still touch the sky  
If we crawl  
Till we can walk again  
Then we'll run  
Until we're strong enough to jump  
Then we'll fly  
Until there is no wind  
So lets crawl, crawl, crawwl  
Back to love, Yeah  
Back to love, Yeah  
Why did I change the pace  
Hearts were never meant to race  
I always felt the need for space  
But now I can't reach your face  
So where  
Are you standing now  
Are you in the crowd of my vouch  
Love, can you see my hand?  
I need one more chance  
We can still have it all  
If we crawl (if we crawl)  
Till we can walk again  
Then we'll run (then we'll run)  
Until we're strong enough to jump  
Then we'll fly  
Until there is no wind  
So lets crawl, crawl, crawwl  
Back to love, Yeah  
Back to love, yeaah  
Everybody see's it's you  
Well I never wanna lose that view  
So we'll crawl (if we crawl)  
Till we can walk again  
Then we'll run (we'll run)  
Until we're strong enough to jump

Then we'll fly  
Until there is no wind  
So lets crawl, crawl, crawl So we'll crawl (ooh)  
Till we can walk again (till we can walk again)  
Then we'll run (we'll run)  
Until we're strong enough to jump (until we're strong enough to jump)  
Then we'll fly (then we'll fly)  
Until there is no wind  
So let's crawl, let's crawl, lets crawl  
Back to love  
Back to love yeah  
Back to love
