

# Saturday Night

Jo Dee Messina

Every week it comes round  
With a feel like New Years Eve  
Get dressed, de-stressed  
Tonight I couldnt care less  
Take a look at me So I put myself together  
Paint my lips and lashes on  
Cause I know theres someone out there  
Wantin me to come along Its the night of the week  
When my dreams hit the street  
With boots and blue jeans on  
Take a shot at romance  
Do I stand a chance Will destiny be good to me  
Its the thrill of the kiss  
That on Monday Ill miss  
When I look back and say Well, oh my Lord  
You should have seen me Saturday  
Saturday, oh, Saturday Night Marys got a Mustang  
We all pile in  
Downtown, top down  
Rockin while we ride around  
Let the night begin Im just searchin for a dreamer  
Wholl steal my heart away  
Strong and shy with I dare you eyes  
And a smile who lights the way Its the night of the week  
When my dreams hit the street  
With boots and blue jeans on  
Take a shot at romance  
Do I stand a chance Will destiny be good to me  
Its the thrill of the kiss  
That on Monday Ill miss  
When I look back and say Well, oh my Lord  
You should have seen me Saturday  
Saturday, oh, Saturday Night Five days out of seven slavin  
I need one thats just for me Its the thrill of the kiss  
That on Monday Ill miss  
When I look back and say Well oh my Lord  
You should have seen my Saturday  
Oh, Saturday, Saturday, Saturday  
Oh, Saturday night
