

Ego Brain

System of a Down

Life is but a dream drifting on a stream, a stream
Consciously it seems all of what remains, ego brain
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve
And pretend that none of us see the fall
As I turn to sand you took me by the hand
And declared that love prevails over all I am just a man fighting other men for land, for land
While I turn to sand in spite of the pain, ego brain
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve
And pretend that none of us see the fall
As I turn to sand you took me by the hand
And declared, that love prevails over all All of what remains, ego brain
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve
And pretend that none of us see the fall
As I turn to sand you took me by the hand
And declared that love prevails over all
Love after it rains
