Missing Link

Fu Manchu

Crushing down the top of a motoring so
Watch the road fold
Eighteen hell wheeler cryin' out for more
Everybody knowsCenter divide everything to the right
Before I go
Hand full of nothing from inside
Ready rollUp from the floor, a moment or more
Did I win a sure bet, I wanted to get
Stand lazy remote fourWhat can I say things are goin' my way
Accelerate
Let it run so I can get up and go
Wheel pullin' moreSee yourself risin' on a screen that's shown
I live for
Clear as night for the 100th time
[Incomprehensible] breakin' allUp from the floor, a moment or more
Did I win a sure bet, I wanted to get
Stand lazy remote four
