

# She Sets the City On Fire

Gavin DeGraw

Everybody knows she's a perfect ten  
(And I'm hanging on tight 'til the whole thing ends)  
Cause New York sky don't get much brighter  
She sets, she sets the city on fire...!Somebody told me if I'm not careful  
Well, this one's gonna roll me  
I got my hands full and this one's gonna own me and control me  
(I'm so mystified...)  
She caught the last train last night, left another note  
Saying "see you next time; miss me if you don't"  
You look good in your bed; til we meet again  
You went through my head and nobody told me soEverybody knows she's a perfect ten  
And I'm hanging on tight til the whole thing ends  
Cause New York sky don't get much brighter  
She sets, she sets the city on fire  
She sets the city on fire  
Burns like a million lighters  
I'm going up, I couldn't get much higher  
She sets, she sets the city on fireNew scene, next block  
She'll be jaywalking right across while the cops talk  
Make you feel like a boss when your eyes lock  
And you can't stop staring endlessly  
She got the whole thing figured out; hits me where it hurts  
And I know I might be swinging at a curve  
I don't mind it, though, when the lights are low  
She can hit the notes wearing my T-shirtEverybody knows she's a perfect ten  
And I'm hanging on tight til the whole thing ends  
Cause New York sky don't get much brighter  
She sets, she sets the city on fire  
She sets the city on fire  
Burns like a million lighters  
I'm going up, I couldn't get much higher  
She sets, she sets the city on fire!But I don't know if I'm chasing ghosts  
Put my hand in the flame of a flickering lighter  
Again and again, I was lucky just to find her  
But I don't know if I'm chasing ghosts  
Put my hand in the flame of a flickering lighter  
Again and again, I was lucky...Everybody knows she's a perfect ten  
And I'm hanging on tight til the whole thing ends  
Cause New York sky don't get much brighter

She sets, she sets the city on fire  
She sets the city on fire  
Burns like a million lighters  
I'm going up, I couldn't get much higher  
She sets, she sets the city on fire! I'm going up, I couldn't get much higher (She sets, she sets the city on fire...)
