

# Roll Me On the River

**Shania Twain**

Give me sugar when I'm feeling down  
Play my favourites on the ride downtown  
Love Me Tender on the radio  
Turn it louder  
Kiss me slow Roll me on the river  
Lay me in the sun  
Love me like a giver, give me some Listen to me closer when I need your ear  
You don't need to say a thing, just be here  
Wake me with your wishes  
Taste me like a star  
Follow me until we go too far  
Roll me on the river  
Lay me in the sun  
Love me like a giver, give me some Hold me like a promise  
Never give me up  
Keep me like a secret in your cup Sober as rain  
Feeling no pain  
I'm falling, babe  
From somewhere high  
Deep in your eyes  
I'm all-in Roll me on the river  
(Roll me on the river)  
Lay me in the sun  
(Lay me in the sun)  
Love me like a giver, give me some  
Roll me on the river  
(Roll me on the river)  
Lay me in the sun  
(Lay me in the sun)  
Love me like a giver, give me some  
(Love me like a giver) Hold me like a promise  
(Hold me like a promise)  
Never give me up  
(Never give me up)  
Keep me like a secret in your cup
