

# Raging Fire

## Running Wild

Raging fire Can you see the licking flame  
Waiting for its time?  
Its increasing energy  
Preparing for the prime Fed up with your boring prate  
All senses gettin' lost  
Second to none, our flame shall rouse  
Just like a growing host Raging fire, burning down the walls  
Raging fire, the rebellion force  
Raging fire, all across the lands  
Raging fire, fights in self defense The anger grows on and on  
The young stand up and fight  
No more lies and censorship  
All oppressed stand tight Knights of fortune and dictators  
They just stand this heat  
We know what we want from life  
Beware we brake your greed Raging fire, burning down the walls  
Raging fire, the rebellion force  
Raging fire, all across the land  
Raging fire, fights in self defense Wake up break the silence  
Come on join our league  
We must stand defiant  
To dethrone this breed Raging fire, burning down the walls  
Raging fire, the rebellion force  
Raging fire, all across the land  
Raging fire, fights in self defense Raging fire
