

Inner Strength

Smooth Jazz Work Out Music

Here we sit all alone in an outnumbered fight

Led to decipher between wrong and right

And some may fail at this joke that some of us call life

Yes at this game that some call lifeBut the system can't bail me out of hell

I've made this discovery and it has helped

All I've got is myself I have faith in that

Believe and one day, you'll do just as well nowAs you were you little puppet, you pauper, you freak, that's right

That's what some of them have said to me

So I object and try to figure things out for myself

I'm building up full emotional wealthBut the system can't bail me out of hell

I've made this discovery and it has helped

All I've got is myself, I have faith in that

Believe and one day, may be you'll do just as well nowThe inner strength, is what the hate, it wants us not to feel

The inner strength, is what the hate, it wants us not to feel

The inner strength, is what the hate, it wants us not to feel

The inner strength, is what the hate, it wants us not to feelIt's time that we helped, there's no room to fail

You already know the way out of hell

All we've got is ourselves, I have faith in that

Believe and one dayWe'll put the system in jail

We'll put the system in jail

We'll put the system in jail

We'll put the system in jailI made it through scraped black and blue

But so can you I made it through so black and blue

But you can too I made it through scraped

Black and blueWe'll all make it through

We'll all make it through

We'll all make it through
