

# Monster Love (Goldfrapp vs. Spiritualized)

## Goldfrapp

I never thought I would return  
To be consumed by you again  
Think you're cured  
You'd see it come  
The folly of a monster love like you Grey is good  
The light is good  
We went down to Hollywood  
You only get one chance in Tinsel Town I save the part  
The sweetest part  
Shook for you Everything comes around  
Bringing us back again  
Here is when we start  
And where we end I never thought I would return  
To be consumed by you again  
But I know a paper-moon  
The folly of a monster love like you The pavement smell just after rain  
The sun leaps out, it's clear again  
I told you how I felt the earth could move  
The folly of a monster love like you Everything comes around  
Bringing us back again  
Here is when we start  
And where we end Everything comes around  
Bringing us back again  
Here is when we start  
And where we end Everything comes around  
Bringing us back again  
Here is when we start  
And where we end Everything comes around  
Bringing us back again  
Here is when we start  
And where we end
