

Sign Me Up

Ne-Yo

Oh, compound we got one now baby, woo
Nephew, I see you boy, Ne-Yo
Let's go, oh, oh, oh, oh, oh Girl, what you want
Big chips is it? New whips?
A nice boot with jeans that just fit
Her perfection how they stick to 'em hips? She's so serious
Ohh, your walk is just vicious, delicious
Millionaire's wife so above mistress
And lookin' at me come get this This one is a superstar
Can I be the sky that you shine in?
Dedicated I put the time in
Shorty that's the frame of mind I'm in Let me show you who you are
Can you be my present and future?
Can I show ya things ya not used to?
Baby, where's the contract? Shorty won't ya sign me up, won't you put me down?
I just wanna rock wit' you, rock wit' you, baby
You lookin' for a real love this is real love
Sign me up, sign me up, sign me up, baby Could I be worth your time?
'Cause you've got my attention
I wanna make this connection
Not now but right now, girl Show me the dotted line
'Cause I'm sold on this sugar
I wanna be everything to ya
Just tell me what I got to do, girl This one is a superstar
Can I be the sky that you shine in?
Dedicated I put the time in
Shorty, that's the frame of mind I'm in Let me show you who you are
Can you be my present and future?
Can I show ya things ya not used to?
Shorty where's the contract? Shorty won't ya sign me up, won't you put me down?
I just wanna rock wit you, rock wit you, baby
You lookin' for a real love this is real love
Sign me up, sign me up, sign me up, baby Ooh, you make the room stop, huh
Sit back and just watch
