

# Everybody Loves Somebody

[Dean Martin](#)

Everybody loves somebody sometime  
Everybody falls in love somehow  
Something in your kiss just told me  
My sometime is now Everybody finds somebody someplace  
There's no telling where love may appear  
Something in my heart keeps saying  
My someplace is here If I had it in my power  
I'd arrange for every girl to have your charms  
Then every minute, every hour  
Everybody would find what I found in your arms Everybody loves somebody sometime  
And though my dreams were overdue  
Your love made it well worth waiting for  
For someone like you
