Porcelain Gods

Mephisto Walz

Lay down and drive
Lay down and die
Drive this bed into the sky
With your love of god
With your love of godDown on our knees
Pray to your gods
Down on your knees
Pray to your godsLay down and live
Lay down lay down
Drive this bed into the sky
With your love for me
With your love for himDown on your knees
Pray to your gods
Down on your knees
Pray to your gods
Lay down
Lay down
Lay down
