Run with Me (feat. Chris Carmack)

Nashville Cast

Yeah I am who I am
'Cause I been where I been
I seen the wrong side of the fence
That's why I stay on the move
Doin' what I do
Livin' it up while I canNo there ain't no road block
Baby ain't no red lights
Baby not a stop sign
Baby on this rock and roll road that gets
Wild, wild and free
Baby learn learn how to fly
If you wanna run with meYeah I roll and I roll
Never taking it slow
Even when I'm just an inch from the ledge
It's a crazy ride
That's just fine
'Cause I was born for leaning over the edgeLivin' like a rock star
Baby I go all out
Baby can't get enough
Baby of this hell-raising life that is
Wild, wild and free
Baby learn how to fly
If you wanna run with meYeah I don't know how
I'll ever settle down
That just ain't in my blood
So give me more, more, more
Keep it to the floor
Until my time is upOn this road that gets
Wild, wild and free
Baby learn how to fly
If you wanna run with me
I said if you wanna run and you think that you can run with me
