Tar Pit

Pain Teens

I got a deep dark secret, that no one knows about
Deep dark secret that you can't live without
Deep dark tar pit, once it's got you it won't let go
Deep dark tar pit, sinking down below
I knew a man, slid right in, slid so far down,
and no one saw him again (2X)
Tar's black as night, and when you fall inside,
To move's like swimming in a dream, and thrashing to survive (2X)
Deep dark secret....
