Sunk

Stealing Sheep

My low, it's sunk
I held onto the last song
I was hoping to
dance this one with you
You're already gone
Sinking and unsure
What I'm looking for
You're already goneWhere on earth am I?
Why have I left myself here to cry
Crazy, heavy heart
Down, beat down, until it's all forgottenEye to eye
Holding on
looking by
I know, I'm goneMy gaze, is hooked
An unshakeable look
I am nothing new
I'm not in your view
I've already gone
Sinking to the floor
Been down here before
I've already goneWhere on earth am I?
Why have I left myself here to cry
Crazy, heavy heart
Down, beat down, until it's all forgottenEye to eye
Holding on
Looking by
I know, I'm goneEye to eye
Holding on
Looking by
I know, I'm gone
