# Aim

## M.I.B

She' don't know my name
She just know me by my aim (aim aim)
She just know me by my aim (aim aim)

Aim tyga man again
Got a little message for my instant friends
Be back in a minute on vacation
Away from them haters hating on him
Introducing the musician
Gotta be more then a 4 to impress him
Punch in my pin
And begin the chatting
iChat the best mac book I'm a mac yes
Getting every dollar g.e.d dymes
Captial charge I did the crime
Can't take the heat don't feel the fire
She difficult to reach but I'm harder to find cause

She don't know me by my name
She just know me by my aim
My song on her page on myspace
Never seen her face
She send messages
I sign on it's like aim aim aim
She don't know me by my name (name name)
She just know me by my aim (aim aim)
She don't know me by my name (name name)
I sign on it's like aim aim aim

This is turning into a daily thing
Comma routine baby how you doing?

Phone on silent no time for drama
Too busy bottle poppin

Recording my oasis only
Always on point like ginolle
