

I Don't Want To Waste Your Time

Fistful of Mercy

I don't want to waste your time
I don't want to waste your time
I don't want to waste your time
I don't want to waste your time But I will, yes I will, yes I will
If you give me a reason
And then I won't, no I won't, no I won't
If you get to pleasin' Cuz I don't want to waste your time
I don't want to waste your time
I don't want to waste your time
I don't want to waste your time But I will, yes I will, yes I will
If you give me a reason
And then I won't, no I won't, no I won't
If you get to pleasin' It's only Monday
And I'm already laughing
Wich is strange 'cuz on Sunday
You had me crying I don't want to waste your time
I don't want to waste your time
I don't want to waste your time
I don't want to waste your time
