

The Only One For Me

[Maya Buskila](#)

I see the sunrise from the night turn in darkness into light,
everytime I think of you.
Time know nothing of regret,
But it's you I can't forget and you hadn't a clue..
Still I am waiting for the day, You will join me on the way
That will bring us back together..

You're the only one for me
You're the only one I see
Doesn't matter near or far, in my night a shining star
The only one for me and it's only you I see
Doesn't matter near or far, I will follow where you are...

In my dreams I see you smile, wish in only for awhile
That you'll smile at me again
The only time I felt alive, was when you were in my life
For a love can never end.
Still I'm waiting for the day You'll join me on the way
That will bring us back together

Oh still although we are apart, the way you touch my heart
Makes me want you more then ever...

You're the only one for me,
You're the only one I see,
Doesn't matter near or far, in my night a shining star
The only one for me, and it's only you I see
Doesn't matter near or far, I will follow where you are...

Ohhhhh..Ohhhh....

You're the only one for me,
You're the only one I see,
Doesn't matter near or far, in my night a shining star
The only one for me, and it's only you I see
Doesn't matter near or far, I will follow where you are.

The only one for me, and it's only you I see

Doesn't matter near or far, I will follow where you are.

Only one for me, you're the one... for me...
