

# Love Is a Cigarette

## Mourning Widows

Get out the chemicals  
Get out the rituals  
Eat all the dirty rats  
We are the dirty rats  
Get out the beautiful  
Kiss all the pretty mouths  
Bite all the sharpened tongues  
Evil is just a tongue  
Love is a cigarette  
Smoking a big cigar  
Love is a lunatic  
Fever the lunatics  
I've come to take you home  
Capture you alone  
I'm gonna keep you for me  
Keep you for me  
Keep you for me  
Keep you for myself  
To share with no one else  
You'll be my baby  
Come back (hey! hey!)  
Don't run (hey! hey!)  
I'm here (hey! hey!)  
I'm your (hey! hey!)  
Hero (hey! hey!)  
I'll save (hey! hey!)  
The day (hey! hey!)  
I'm your (I'm Your)  
Hero  
Get out and amputate  
Take out the trashy bones  
Let all the cries and worms  
Play in the poison mud  
What are you trying to do (I said)  
What are you trying to do (She said)  
I think I'm in love with you (She said)  
I think I'm in love with you  
You're so lonely  
You're so lonely

You're so lonely  
You're so lonely  
I've come to take you home  
Capture you alone  
I'm gonna keep you for me  
    keep you for me  
    keep you for me  
    Keep you for myself  
To share with no one else  
    You'll be my baby  
    I truly am your man  
    I'm here (hey! hey!)  
    Come back (hey! hey!)  
    Don't run (hey! hey!)  
    I'm your (hey! hey!)  
        Hero (hey! hey!)  
        I'll save (hey! hey!)  
        The day (hey! hey!)  
    I'm your (I'm your)  
        Hero
