

# Together

## Bootboys Bremen

Oh ya

Alright

You know I'm down and I'm there for you

I know you got my back and I gotcha too

And there's something you should know

Let's do it together

See I'm your Bonnie and you're my Clyde

I'm always gonna be here by your side

And there's something you should know

Let's do it together

I know we don't always

See eye to eye

'Cause you be looking one way

And so am I

We got an understandin'

And that's just how it is

No matter what the problem

We're still makin' ends

Baby, you know

I'm loving all this time with you

Ain't letting you go

I don't wanna lose a good thing

Not too young to see

That true love comes once in a lifetime

So come with me

We can do this together

You know I'm down and I'm there for you

I know you got my back and I gotcha too

And there's something you should know

Let's do it together

See I'm your Bonnie and you're my Clyde

I'm always gonna be here by your side

And there's something you should know

Let's do it together

I told you from the get go

I'm down to ride

Ain't no looking backwards

We'd be one for life

Love can be so demandin'

It's all in the game  
But as long as we're together  
We'll make it through the rain, ya  
Baby, you know  
I'm loving all this time with you  
Ain't letting you go  
I don't wanna lose a good thing  
Not too young to see  
That true love comes once in a lifetime  
So come with me  
We can do this together  
You know I'm down and I'm there for you  
I know you got my back and I gotcha too  
And there's something you should know  
Let's do it together  
See I'm your Bonnie and you're my Clyde  
I'm always gonna be here by your side  
And there's something you should know  
Let's do it together  
'Cause you know I'm there for you  
No one can love you better  
All the things that we've been through  
No one can take ya place  
You and I against the world  
Let's make it last forever  
You're the only one for me  
You wantchu, I wantchu  
I need you, I love you  
You know I'm down and I'm there for you  
I know you got my back and I gotcha too  
And there's something you should know  
Let's do it together  
See I'm your Bonnie and you're my Clyde  
I'm always gonna be here by your side  
And there's something you should know  
Let's do it together
