Summer

Shy Child

Just in time for summer, the war is over
No fighting overseas
Teenage sex, Amelia, marijuana
I can hardly breatheUnderground communities
Are overcoming responsibility
In the sun with a heavy heart
With a heavy heartJust in time for summer, the war is over
No fighting overseas
Bushes in the pavement keep on growing
Growing into treesPositivity in communities
Is overcoming negativity
In the sun with a heavy heart
With a heavy heart, with a heavy heartJust in time for summer, the war is over
No fighting overseas
Sex can't stop the people
Deny the pleasure of reading, 'War and Peace'Keep on changing leads
Changing leads, changing leads
In the sun with a heavy heart
With a heavy heartJust in time for summer, the war is over
No fighting overseas
In the sun with a heavy heart
With a heavy heart, with a heavy heartJust in time for summer, the war is over
No fighting overseas
Teenage sex, Amelia, marijuana
I can hardly breatheUnderground communities
Are overcoming responsibility
In the sun with a heavy heart
With a heavy heartWith a heavy heart, with a heavy heart
With a heavy heart, with a heavy heart
With a heavy heart, with a heavy heart
With a heavy heart
