Swing It

Paul Jackson, Jr.

l'll stay now
want you to save my pleasure
don't you know
love is a state of treasure
Don't you say you're here now with me
though you will trace that measure
no good now - not now
Though l'd shiver
all daffodils might wither
l will still come with you /I cannot fail
l chose an aim
that you don't know
no no - not now: l SWING IT
GO BRING IT
IF YOU WANNA SAY NO
NO NO NO /I found passion
to satisfy my sprightliness
she is all l need /I got time still
to make you realize delight
and to see me free - right now
(bring your body...): l SWING IT
GO BRING IT
IF YOU WANNA SAY NO
NO NO NO
