Boycott

Jamel Mektoub featuring Soprano

Urban war, cracked up child
Painted blood on concrete walls
Carbonic gas, cancer land
What do I care?
(Care)
What do I care?
Is he prepared? Can he face that?
He must handle the truth of real demands
Strike boycott
Strike boycott
Strike boycott
Strike boycott
Strike boycott
Boycott
Armed and ill, psycho kill
There's no ground holding my feet up
Trained to serve but I steal
What do I care?
(Care)
What do I care?
Protect society who pays me shit
It's south of the world, no justice sire
Strike boycott
Strike boycott
Strike boycott

Strike boycott
Strike boycott
Boycott
Aooh
Stressful mind, fucked up life
I know the end can be suicide
Suicide, suicide
What do I care?
(Care)
What do I care?
Boycott the trigger and no feedback
Boycott the force and keep sick in your beds
I'll boycott the trigger and no feedback

With hands tied, I can't receive what I need
I'll boycott the trigger and no feedback
With hands tied, I can't receive what I need
Reserve no honor
Reserve no pride
Reserve no honor
Reserve no pride
Strike boycott
Strike boycott
