

# Let's Play Two

## Gin Blossoms

Dig in girl, you're gonna get your hands dirty  
Swinging from your heels  
Rounding third but baby don't worry  
I'll show you how it feels  
'Cause I camped out at home plate  
Girl, I can hardly wait  
Let's play two, me and you, let's play two  
'Cause you've been on deck waiting to play  
The sun's coming up from a rain delay  
Let's play two, let's play two  
From April to October it ain't over till it's over  
No matter what they say  
I know I made a big mistake, it's tough to be so careless  
But I won't let you slip away  
'Cause I know I started late  
And girl I can hardly wait  
Let's play two, me and you, let's play two  
'Cause you've been on deck waiting to play  
The sun's coming up from a rain delay  
Let's play two, let's play two  
Let's play two, let's play two, hey  
Let's play two, me and you, let's play two  
'Cause you've been on deck waiting to play  
The sun's coming up from a rain delay  
Let's play two, let's play two  
Let's play two, let's play two, hey
