10 Angels Pt. III

Ikilledmarlon

They say itâ€™s the things we love most that destroy us
I realize it takes ten times longer to put myself together than to fall apart
Iâ€™m trying

Thinking about my past, I often seem to question why
Am I forgiven as a sinner predestined to die
Past five years Iâ€™ve been searching for God, constant knocking
Walking in a righteous path, but always seem to be forgotten
And though I struggle hard, it holds conviction
I often wonder if my past even knows Iâ€™m missing
I stumble daily living lukewarm
I need to be dependent like an infant when itâ€™s first born
Love or war, I never know which one Iâ€™m in
Committed to a hardened love, my enemies are close friends
But still Iâ€™m treated like a door matt
Lost within this maze with no direction like a lab rat
True fact
Iâ€™m domineering myself, overbearing myself, by engineering myself
No help
So do you blame me that Iâ€™m seeking rest?
Looking for an answered prayer, hopefully before my death
Random thought, I made it past twenty-five
Hard to stay alive when you survive blind since Christ revived
If I should die, may I die like who I crucify
With no regrets, abundant love, and no doubts to question why

Cause Lord knows I came a long way
(a long way)
But still I got a lot to go
(A lot to go)
Looking for angels when the sky falls
(Sky falls)
Why gain the world just to lose your soul?

I mask emotions like a robbery
Cause when it comes to matters of the heart, women clog arteries
Quoted by Logic, Iâ€™m a product of the same demise
I know the serpent bites, but I still I live within her eyes
Foolish

Passion burning like a candle
Itâ€™s hard to cry when in your heart, you never said goodbye
Rewind the happiness like life is on cassette
So I can be a fool again with friends I wish Iâ€™d never met
(*chuckle*)
My last girl couldâ€™ve been my last
Now sheâ€™s just a past girl, living in the past
Troubled waters, drowning in regrets
While I meditate forgetful moments that I canâ€™t forget
See...
The pain fades
But the memories remain
Bounded by these chains
Itâ€™s like Iâ€™m living as a slave
Feeling so ashamed
Like David dwelling in the cave
But the truth, it still remains
Only by change will I maintain

I canâ€™t forget the day she up and left
Drowning out these demons, but it seems they always hold their breath
They say the vent is like a hopeless sign of weakness
So I guess thatâ€™s why I desperately need Jesus

Cause Lord knows I came a long way
(a long way)
But still I got a lot to go
(A lot to go)
Looking for angels when the sky falls
(Sky falls)
Why gain the world just to lose your soul?
