Movement

Authority Zero

There's a movement
What ya been through?
Just watch what you'll become
See times are changin'
Sittin' waitin'
For it to knock down your front door
While ya sit ther aniticipating
It was right there all along

Woah!

Bright sunny days lying ahead Peekin' throug the cracks Something more being said There's a movement An underground affair Underneath the surface A network awe Making a big soundThrough the system's blaring Speaking to the youth And now we're shouting through the air Yeah everybody's moving All are gathered round Make way for sudden movements As they shake you up and down Stomping to the beat yeah Rally round the street yeah Screaming through the feedback On and on and on

> And we're moving Moving through the air We're moving An Underground Affair

Rally Rally round the unpopular one
Breath in deep as it peirces your lungs
Unified relations
Shouting straight from the heart
Searchin' for release

Yeah right from the start
Rejuvenation
Yeah this is were we meet
Where we lose all our minds
And we stomp our restless feet
Yeah this is how we do this
This is where we run
This is where we go
Where we become one

They wanna bitch and moan to break your spirit
What you goin through???
Set up on the side your daily problems
So what you think' you're going to do???
Take it upon yourself
This time just tak it up any time
Shoutin through the static
GONNA MAKE A BIG NOISE!!!
