MoodSwings

The Janoskians

She's in one of them moods, haha..
Yeah you blow me up then I wait a little while cuz' I know, it's probably fine
Then you blow me up
Don't mean to laugh when your mad but you do this all the time
Alright yeahYou love me, hate me, it's crazy, baby you're so emotional
It kills me, thrills me, can't shake, I'll take this rollercoaster loveScreaming all night till the break of dawn, found a pair of my pants on my neighbor's lawnThrow all my stuff outside, say goodbye and slam the d-doors
Call me all night, you cry, say you'll die if I don't come home
Turn me on and then go cold, you're so hot when you're psycho
Smile when I smile, that's why it's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswingsHeavens why do they hurt so good when it, feels right and then it's all wrong the next minute
Hey Hey, but you know that I'm still your guy even when I'm sky high on your bipolar rideYeah you love me, hate me, it's crazy, baby you're so emotional
It kills me, thrills me, can't shake, I'll take this rollercoaster loveScreaming all night till the break of dawn, found a pair of my pants on my neighbor's lawnThrow all my stuff outside, say goodbye and slam the d-doors
Call me all night, you cry, say you'll die if I don't come home
Turn me on and then go cold, you're so hot when you're psycho
Smile when I smile, that's why it's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswings
oooooooooo...
Push me 'round, all your moodswingsNo medication, intervention don't change a thing, yeah, 'cuz shes perfection
Shes all mine, completely out of her mindThrow all my stuff outside...damn
Call me all night you cry, say you'll dieHey!Turn me on and then go cold, you're so hot when you're psycho
Smile when I smile, that's why it's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswings
oooooooooo...
It's you and I and all your moodswings
oooooooooo...
Push me 'round, all your moodswings
