

# Get U 2 Stay

[Brian McKnight](#)

Got your stretchy pants and that skin tight top  
And the boot ends on your feet  
And the devil and the angel on my shoulder agree  
Its imperative that we meet I play keys in the band and I sing a little  
Im a golf ball hidden machine(Pre-Chorus)  
But baby Im not jokin  
If you see me smoking(Chorus 1)  
Im on fire  
And I hope that you feel the same  
Whatever you want me to say Ill say it  
In order to get you to stay(Chorus 2)  
Ive been hoping  
That something can be arranged  
Whatever you want me to say Ill say it  
In order to get you to stay And how bout your friend? Now were dancing, youre a beast  
And youre smelling like strawberry peach  
Then you dip it down  
And you spin it around  
Cause you know Im watching  
And you back me up against the wall(Pre-Chorus)  
Baby, Im not joking  
If you see me smoking(Chorus 1)  
Im on fire  
And I hope that you feel the same  
Whatever you want me to say Ill say it  
In order to get you to stay(Chorus 2)  
Ive been hoping  
That something can be arranged  
Whatever you want me to say Ill say it  
In order to get you to stay Nice!  
Skeet a little lower now
