

Sweet Honey

Slightly Stoopid

Put up your hands, girl, but not so pushy
If you wanna be comin' and makin' sweet love to me
And if you're the type of girl that do anything me please
Maybe then I realize you ain't got what I need
To keep my soul alright, it keeps me up high above
Yes, me got the reason to come, question your love
It keeps my soul alright, it keeps me up high above
Want me girlie to come, give me some sweet lovin'
And in the morning time she makes me feel alright
Then me gotta be waitin' till the day turns to night
'Cause in the evening time she makes me feel alright
Girl, you got me wishin' this would happen every night
Said, If you want to get with me, girl, this is what you'll
find
But a man who's got the type of moves to make you lose your mind
You tell me that your love is true on each and every day
You tell me that you've got that type of lovin' here to stay
Sweet honey
You see me laughin' 'cause it's kinda
funny to me
The way she say, she never give her lovin' for free
She say she got a man, why she looki n' at me
Yes, she want a lover with the sensitivity ya
But won't you tell me that your love's from the heart
Yes, the type of lovin' that can tear a man apart
Girl, you got to realize before it ever starts
Yes, I am the man who won't come breakin' your heart
Said, If you want to get with me, girl, this is what you'll
find
But a man who's got the type of moves to make you lose your mind
You tell me that your love is true on each and every day
You tell me that you've got that type of lovin' here to stay
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'
Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'
Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love, sweet honey
Said, If you want to get with me, girl, this is
what you'll find
But a man who's got the type of moves to make you lose your mind
You tell me that your love is true on each and every day
You tell me that you've got that type of lovin' here to stay
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'
Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'

Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'
Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love
Sweet honey, she gonna steal my money
Sweet honey, she gonna steal my lovin'
Yes, you try to tell me that you're sent from above
Girl, you give me reason to come, question your love, sweet honey
Said, Little women with your pretty red dress
on
The type of women make you never forget
Said, Little women with your pretty red dress on
The type of women make you never forget
