

How You Sleep At Night

John Butler Trio

You left your mark on me
I'll leave my mark on you
This war we fight you'll see
Scorches all but the truth
Suffer now will the fool
and I've been wonderin'
How long you think this lasts
Do I dare to believe in something more
Yes, do I dare to believe in something more
Than what you're telling me
'Cause all I hear is lies
Dressed up in fantasies
Travelling in disguise
So Mr. won't you please
Look me in the eyes
Tell me how you sleep at night
Who's right and who is wrong
Chasing our tails again
What side the fence you on
True colors show their skin
Now what are we to do
Now that we are
Neck deep in this mess
Do I dare to believe in something more
Yes, do I dare to believe in something more
Yes, do I dare to believe in something more
Yes, do I dare to believe in something more
Than what you're telling me
'Cause all I hear is lies
Dressed up in fantasies
Travelling in disguise
So Mr. won't you please
Look me in the eyes
Tell me how you sleep at night
Tell me how you sleep at night
Tell me how you sleep
Tell me how you sleep
Tell me how you sleep at night
Tell me how you're sleeping
Tell me how you're sleeping.
Tell me how you're sleeping.
Tell me how you're sleeping.
