

You Got It

*NSYNC

Oh

Right now baby

Soon as the stars shine

I'm gonna make you mine, oh baby You got it, I want it, I'll do whatever it takes
You got it, I need it, your love is what makes my heart break Let me tell you how I feel

I need your lovin' girl give in to me

Never met a girl like you

I know you'll like the crazy things people do Walking slowly through the rain, without worries there's no pain

When you see a shooting star, all your problems seem so far

If you feel true love and trust, girl just give me all you got

'Cause girl you got the love I need You got it, I want it, I'll do whatever it takes

You got it, I need it, your love is what makes my heart break

You got it, you got it You are in my dreams at night

Whatever I do you're always on my mind

I can't wait until the day

When you and me are one in love to stay Walking slowly through the rain, without worries there's no pain

When you see a shooting star, all your problems seem so far

If you feel true love and trust, girl just give me all you got

Girl you got the love I need You got it, I want it, I'll do, whatever it takes

You got it, I need it, your love is what makes my heart break You got it, I want it, I'll do whatever it takes

You got it, I need it, your love is what makes my heart break Just give me all your love, I got to have all your
love

Just give me all your love, I got to have all your love

Just give me all your love, I got to have all your love

Just give me all your love, I got to have all your love You got it, I want it, and I'll do whatever it takes

You got it, I need it, your love is what makes my heart break

Give me your love
