

Don't It Make You Want to Go Home

NewSong

The morning paper is reading like a scroll
Like the headlines from 2000 years ago
Everywhere i look i see the signs
My hearts telling me its almost timeCHORUS:
Dont it make you want to go home
Run through those gates and fall in Jesus' arms
and all the cares of this world will be gone
Dont it make ya... Dont it make you wanna go homeI cant wait to sit at Jesus feet
To hear him say welcome home to me
I can almost feel his warm embrace
And His nail scarred hands as they wipe my tears away!CHORUS:
Dont it make you want to go home
Run through those gates and fall in Jesus' arms
and all the cares of this world will be gone
Dont it make ya... Dont it make you wanna go homeFar away from this world of pain
God's prepared a perfect place
And i cant stop thinking about it
Im so homesick for it
Dont it make you want... dont it make you wanna go homeCHORUS:
Dont it make you want to go home
Run through those gates and fall in Jesus' arms
and all the cares of this world will be gone
Dont it make ya... Dont it make you wanna go homeDont it make you want to go home
Run through those gates and straight to heavens throne
and fall in Jesus' arms
Dont it make ya... Dont it make you wanna go homeYeah, yes I wanna go home
Yeah, yes I wanna go home
Yeah, yes I wanna go home
