

# The Night

## Disturbed

What has come over me?  
What madness taken hold of my heart?  
To run away, the only answer  
Pulling me away, to fall upon  
(The night)The source of my recovery  
Sweet shadow taking hold of the light  
Another day has been devoured  
Calling me away, begging the question, why?For saving me from all they've taken  
Letting my armor fall again  
Giving me the strength to face them  
Feeling it taking over now  
On a path to take it all awayThere can be no better way of knowing  
In a world beyond controlling  
Are you going to deny the savior  
In front of your eyes?Stare into the night  
Power beyond containing  
Are you going to remain a slave  
For the rest of your life?  
Give into the nightThis self-discovery  
Redemption taking hold my mind  
This serenade of haunting voices  
Calling me away, to feast upon  
(The night)The source of my felicity  
Dark maiden taking hold of my hand  
Leading me away from hibernation  
Strong and unafraid, never a question whyFor saving me from all they've taken  
Letting my armor fall again  
Giving me the strength to face them  
Feeling it taking over now  
On a path to take it all awayThere can be no better way of knowing  
In a world beyond controlling  
Are you going to deny the savior  
In front of your eyes?Stare into the night  
Power beyond containing  
Are you going to remain a slave  
For the rest of your life?  
Give into the nightGive in to the night  
In a world beyond controlling  
Are you going to deny the savior

In front of your eyes?Stare into the night  
Power beyond containing  
Are you going to remain a slave  
For the rest of your life?Give into the night  
Night, night, night  
Give into the night  
Night, night, nightGive into the night  
Give into the night
