Bury It

Alter Der Ruine

There goes another one
I never wanted it to be this way
But you know that I'll never change
And I will always stay the same

Red lips pushing all across my fingertips
My hands on your back they begin to grip
And I will always stay the same
I'll never change

Well baby it's a curse that I'm damned
To forever hold the hand
Of lust and greed, it's too tempting for me
And that's all I'll let you know
For right now

Your sweet skin
I feel you shaking as you pull me in
I lock the door and then we begin
And you're all I want for now

But don't mistake me
I don't want to be your everything
You should know that you're just a routine
And you're all I want for now

Well baby it's a curse that I'm damned
To forever hold the hand
Of lust and greed, it's too tempting for me
And that's all I'll let you know

For right now [x2]

I'll keep you tongue tied
So the words won't have to fail you
I'll keep your lips locked
So the words won't have to leave your mouth

I never wanted it to be this way

I thought that I could change

Well baby it's a curse that I'm damned
To forever hold the hand
Of lust and greed, it's too tempting for me
And that's all I'll let you know

Well baby it's a curse that I'm damned
To forever hold the hand
Of lust and greed, it's too tempting for me
And that's all I'll let you know
For right now
