Just Chillin'

Crash Test Dummies

You said, you like mixin' it up
I said, I don't like to chat
You said, you smoked the big Kahunas
I said I'm not like thatI'm just chillin', I'm just hangin'
So don't be spillin' your stuff on me
I'm just chillin', I'm just hangin', babyYou said, you played some pocket pool
I said, I played some myself
You wanna try it together sometime
I only play by myselfI'm just chillin', I'm just hangin'
So don't be spillin' your stuff on me
I'm just chillin', I'm just hangin', babyYou've got your friends in high places
Babe, I can pull my own strings
You said, I'm a name in a phone book
I don't have one of those thingsI'm just chillin', I'm just hangin'
So don't be spillin' your stuff on me
I'm just chillin', I'm just hangin', babyYou said, we're cogs in a great big machine
Babe, I've got the right tools
You said, it's all just a crazy dream
Well, I've got plenty of fuelI'm just chillin', I'm just hangin'
So don't be spillin' your stuff on me
I'm just chillin', I'm just hangin', babyI'm just chillin', I'm just hangin'
So don't be spillin' your stuff on me
I'm just chillin', I'm just hangin', baby
