You Know What

Craig David

Yeah, I I know that, I said I'm feeling it
I'm feeling it, I'm feeling it yeah
I know that you like the way that I put it down on you
You know what, yeahWe were meant to be together for eternity
But now you're gone, it's plain to see I was living just a fantasy
So many things I'd like to do if ever I found a love that's true
Finding it hard to push on through since I've been away from youWhen I first met you waiting standing up by the bus stop
I knew you were something special
Weak in my knees I wanted to drop, yeah yeah
So we checked each other what we had going on was so hot, yeah
I never thought you'd leave me no but you know whatWe were meant to be together for eternity
But now you're gone, it's plain to see I was living just a fantasy
So many things I'd like to do if ever I found a love that's true
Finding it hard to push on through since I've been away from youNow I can't seem to get over you appearing in everything that I do
It was only last week, Friday when I saw you out with your girlfriends
Walking round my way, yeah yeah
I feel when all's said and done from this love I've had
I've learnt a lot, yeah
I never thought you'd leave me no but you know whatWe were meant to be together for eternity
But now you're gone, it's plain to see I was living just a fantasy
So many things I'd like to do if ever I found a love that's true
Finding it hard to push on through since I've been away from youThe flow that we had was so hot
Girl, you took me higher to the top
We kept it rolling, wouldn't stop
Said you'd never leave me but you know whatWe were meant to be together for eternity
But now you're gone, it's pain to see I was living just a fantasy
So many things I'd like to do if ever I found a love that's true
Finding it hard to push on through since I've been away from youYou don't know what I've been going through
You don't know what
You don't know what I've been going through
You don't know what
I know that you like the way that I put it down on you
