# I Walk Alone (Artist Version)

## Tarja

Put all your angels on the edge
Keep all the roses, I'm not dead
I left a thorn under your bed
I'm never goneGo tell the world I'm still around
I didn't fly, I'm coming down
You are the wind, the only sound
Whisper to my heart when hope is torn apartAnd no one can save youI walk alone
Every step I take, I walk alone
My winter storm holding me awake
It's never gone when I walk aloneGo back to sleep forever more
Far from your fools and lock the door
They're all around and they'll make sure
You don't have to see what I turned out to beNo one can help youI walk alone
Every step I take, I walk alone
My winter storm holding me awake
It's never gone when I walk aloneWaiting up in heaven
I was never far from you
Spinning down I felt your every move
I walk aloneI walk alone
Every step I take, I walk alone
My winter storm holding me awake
It's never gone, when I walk alone
