

# Carcrash

## The Miami Dolphins

crash your car  
you will wilt  
crumbled up  
in the dry heat  
(dumb numb pop glum)  
cant sit still  
(raisinetting)  
total static  
(raisinetting)  
a statue  
(worn out gum)  
down a hill  
writhe and cry  
you've got some time  
clothes piled up  
cash in your moldy food  
(you cant have it)  
dont want it  
(when you get eat)  
til you cry  
(stretched and thin)  
sour red eyes  
(gut rot sucks out)  
til you cry  
no gray and ugly winter  
are you a winner  
of some tropical depression  
some plant-eaten recession  
(all gray and cold)  
cold  
(all is froze up)  
mold  
(your bones get thin)  
(all gray and cold)  
pray it happens  
pray yourself up  
dumb young pop numb  
til you've dropped out  
numb
