Look at Me

Geordie

***

LOOK AT ME.

Look at Me
Take me to where you go
Let me get inside your head
And look around
Let me see what you see
When you look at me
Take me to where you go
Let me get inside your head
And look around
Maybe Iâ€™ll find some piece of mind
I stand alone
Wait till burn
The time I can get inside
And look around
And maybe, Iâ€™ll find
Some piece of mind

Take me to where you go
Let me get inside your head
And look around
Let me see what you see
When you look at me
Oh yeah, oh yeah
